

## Mr. C K Ranganathan Launches His Dream Venture - SANCHU Animal Hospital

- *A Hi-Tech Multi-Speciality veterinary hospital with state-of-the-art medical equipments and evidence based treatment*
- *Plans to expand the services through nationwide chain of 100 hospitals by 2024*

Chennai, India, November 14, 2019: One of India's iconic business leaders - Mr. C K Ranganathan (fondly known as CKR) has announced his dream venture by launching **SANCHU Animal Hospital**, a brand new Hi-Tech Multi Specialty Veterinary Hospital that is set to expand nationwide, surpassing veterinary standards across the country. The launch of SANCHU Animal Hospital in Chennai also marks the beginning of a new venture for CKR in a sphere that is personally meaningful and fulfilling to him.

Backed by strong R&D and equipped with latest technologies and expert doctors, SANCHU Animal Hospital offers specialty services at affordable cost in Dermatology, Dentistry, Cardiology, Internal Medicine, Neurology, Surgery, Orthopedics, Ophthalmology, Physiotherapy & Rehabilitation, as well as Emergency and Critical care services, available 24 hours a day, 365 days a year. In addition to these, the hospital also offers a variety of new-age services like Pet Spa & Salon, Pet Cab Service, Online Access for Pet Records, Boarding for Pets, Pet Supermarket, In-patient Facility, Deluxe Room for Pets, and more that makes it a perfect destination for all pet needs.

Commenting on the launch, **Mr. C K Ranganathan, Chairman and Managing Director, SANCHU Animal Hospital** said, "SANCHU Animal Hospital functions very much like a human hospital. It's my vision, my passion, my love and my commitment towards pets, feathered friends and animals which have always been very close companions to me right from my childhood days. It is for this reason, it took several years for me to conceptualize this best-in-class model with the right team backed by strong R&D, which I believe plays a critical role in any sustainable quality offering. The team has gathered a substantial amount of knowledge in pet care by successfully maintaining and treating more than 2000 fascinating birds, two dozen canines, ponies, ostriches and around 150 cows at two of my homesteads in Chennai and Cuddalore for last few years. Their incredible success in helping these animals to recover from several complicated cases gave me the

confidence to launch SANCHU Animal Hospital with a purpose to expand the service for pet lovers across geographies.”

Commenting on the vision and expansion plans for SANCHU Animal Hospital, **Mr. C K Ranganathan said**, “Our vision is to make SANCHU Animal Hospital a hi-tech multi-specialty global chain of hospitals. It (SANCHU) is committed to delivering the highest quality, most compassionate, specialty and emergency veterinary care available in the nation. Our plan is to grow a nationwide network of 100 SANCHU Animal Hospitals by 2024 to deliver exceptional care and preserve the integrity of the profession. The model for this expansion plan is getting developed and will be unveiled in the near future.”

In order to celebrate the launch of this dream venture of CKR, a unique event was organized in Chennai that witnessed a bright and cute **Ramp Walk by Kids** who were accompanied by different breeds of animals and birds. During the event, CKR along with his team revealed the official website [www.sanchuanimalhospital.com](http://www.sanchuanimalhospital.com), social media handles and announced a mobile number + **91 9445160101** for pet owners to connect either through call or WhatsApp to avail of the quality pet care service at SANCHU Animal Hospital.
